## What's New

**Granite Flooring** — Alfred Karram Jr., of the family-run Alfred Karram II design firm credited with changing the face of Boca Raton with its European

Karram

modern style, says he's done the lobbies of many condos on the beach and recently completed at least

**GRANITE AFOOT:** Alfred Karram incorporates granite into his designs.

four lobby redesign projects in luxury high-rises like The Addison, Presidential Place and the Aragon in Boca Raton and Trump Plaza in West Palm Beach. All have granite flooring.

**Detail Work** — Neutral grays, striking accents and stainless steel detailing. Karram likes to do intricate details on ceilings and mirror them on the floor. He scouts out stone for his projects two to three times a year in Italy.
